

## **Community Development Department**

Nuisance Abatement / Code Enforcment 360.577.3315

## **NUISANCE ABATEMENT REQUEST FORM**

Community Development addresses issues related to public health and safety as it pertains to nuisances for both residential and commercial properties. Nuisances may include but are not limited to, inoperable and unlicensed vehicles, tall grass, garbage/debris, substandard structures, abandoned signs, and vacant residential and commercial buildings.

## **HOW TO REPORT**

In order to properly investigate complaints in a timely manner, we need accurate information (site address, specific issue, etc.). If you don't have an exact address, please provide either the address closest to the property or cross street and directions and a description of the property. Without this critical information, unnecessary delays result as staff searches for the needed information. Most importantly, we need to contact the complainant and the property owner.

Address of concern:	
Property Owner (if known):	
Detailed description of your concern:	
Complainant Contact Information:	
Name:	
Address:	
Phone and/or Email:	

Thank you for your interest in supporting the livability of our community. We will contact you if further information is needed. If this complaint is handled by another city department, we will forward your concern to the appropriate department.
