

Q&A #1
PBID 2021-03 Q&A
Published 3/30/21

The procurement document states “WSP Compliant Live Scan software with appropriate WA Type of Transaction (TOT’s)” and refers us to look at “WSP Criminal Justice Training Manual 2019 (revised April 2019).” However, it is not clear whether we are to include Criminal “CAR” TOTs or anything other than Applicant TOTs. Can you verify which TOT’s you are requiring for this procurement?

We are requiring both criminal and applicant.

We have a question regarding the recently released Live Scan Invitation to Bid. Is it possible to submit bid responses electronically via email, or are hard copy bids required?

Unfortunately, we do not have a secure electronic transmission software to hold the bids until the bid opening. You will need to submit a sealed hard copy.
